## **IMPLEMENTATION OF BY-LAW NUMBER 80-2015**

### **IDENTIFICATION OF TRUSS AND LIGHTWEIGHT CONSTRUCTION**

#### **PURPOSE**

This By-law provides that commercial and industrial buildings and multi-family residential occupancies of three or more units using truss type and / or lightweight construction shall be marked by a truss identification emblem. This truss identification emblem shall alert fire suppression crews to the use of lightweight wood, wood truss, steel truss, composite truss, laminated wood, wood "I" beams as a method to construct, renovate, or alter any section of an individual structure or dwelling.

Applicants must review By-law 80-2015 and answer the following:

Is By-law 80-2015 applicable to the building?     No     Yes

If Yes, the Stratford Fire Prevention Bureau must be contacted at (519-271-3212).

Has the Stratford Fire Prevention Bureau been contacted?     No     Yes
