#### Chief of Police

I am proud to present the Stratford ford Police Service 2015 Annual Report.

The 2015 Annual Report is but a snapshot of the dedicated service the men and women of the Stratford Police Service provide the Citizens of Stratford each and every day. We continue to collaborate with community members and agencies to provide a high-quality police service and to achieve our mission of being acknowledged as an innovative and professional Police Service.

To ensure the Service meets the needs of our community and our members we continue to look for positive ways to enhance service delivery to the community. In 2015, we introduced a number of significant programs and initiatives, including:

- Mental Health Protocol-working with our Crisis and Health Care community partners to provide a better service to people suffering from mental health issues.
- Huron-Perth Situation Table— working with a multitude of our community social service partners and school boards to identify and assist at risk persons before they become involved in the judicial system.
- H.E.A.T- High Enforcement Action Team- these patrols, both mobile and on foot, concentrate on social disorder calls for service in more frequent calls for service areas.

I couldn't be prouder of the civilian, sworn and volunteer members of our Service for their dedication, professionalism and hard work. It is evident that because of their hard work we continue to garner the community's trust and confidence. Appreciation is also given to the Stratford Police Services Board, for their guidance and support to improve community safety.

On behalf of Inspectors Sam Theocharis, Gerry Foster, Steve Shaw, and the men and women of the Stratford Police Service, I would like to thank the community of Stratford for the unwavering support they have

shown the Service over the years, and look forward to working with our community partners to provide the best quality service deserved by the citizens of Stratford.

## **SAM THEOCHARIS**

## **Inspector - Support Services**

As Inspector in charge of Support Services, I directly supervise the Training Officer, Community Service Officer, and High School Resource Officer, 20 Civilian staff members which include; Front Office staff, Clerk Communicators, two Part-Time members, Niche coordinator, Court Services, and Vehicle Fleet. My Duties also include the supervision of an eleven member Emergency Response Unit (E.R.U.).

On January 2015, Support Services duties expanded to include Freedom of Information, I.T. services, CAD, (Computer Aided Dispatch), and RMS, (Records Management System).

As part of these new duties, I am required to represent our Service at the P.R.I.D.E. (Police Regionalized Information and Data Entry) management table which consists of four other police services. The P.R.I.D.E. management group meets regularly to ensure that our I.T., radio systems, telephone systems, and electronic infrastructure all are compatible with each other. This makes for an efficient maintenance and working partnership increasing the buying power for all involved while reducing individual maintenance and support costs.

As the Support Services Inspector, media relations are my responsibility. It is important to keep the community informed of current criminal activity and announcing local police initiatives. The Stratford Police Service enjoys a positive rapport with the media. Both local and surrounding media outlets have been helpful in creating a link to our community and assist us in keeping our stakeholders informed.

Court Services consists of three Court Special Constables and a Court Recording Clerk. They have a wide range of responsibilities that include processing both criminal and provincial offences, and managing the records system. Our three Special Constables provide court security and also assist the Duty NCO in such matters as summons delivery and prisoner escorts.

This year a change also occurred with our Seconded Officer Program at the Ontario Police College. Since 1995 the Stratford Police Service has seconded officers to the Ontario Police College to facilitate police training for officers not only from Ontario and across Canada, but also visiting officers attending the college from other countries. In December of this year Constable Jamie Hood was selected to represent the Stratford Police Service as an instructor at the Ontario Police College.

I would like to thank our Front Office staff, Niche Coordinator, and Clerk Communicators for the work they do in order to keep all of our reports and paperwork up-to-date, as well as keeping our officers safe. These units are an integral part of our organization that ensures information keeps flowing in an efficient manner and to facilitate a timely completion of all required processes. I would also like to take this opportunity to express my sincere appreciation and thanks to each member of the Stratford Police Service for their dedication, professionalism and commitment, not only to the citizens of Stratford, but also to the Stratford Police Service.

### Inspector - i/c Operations

As the Inspector i/c Operations it was my distinct pleasure to work with frontline and support personnel during 2015. The Operations Branch of the service includes Uniform Patrol, Criminal Investigations, Street Crime, Identification, Canine, and Domestic Violence.

The Uniformed Patrol division is responsible for directly responding to the majority of the service's 22,000+ calls for service. While reacting to community complaints forms a major part of the patrol officer's day, these frontline officers are also adept at detecting problems before they are reported. Uniform patrol officers focused their efforts on issues that were important to the community such as road and public safety. Various enforcement programs such as RIDE, Seatbelt, and Distracted Driving checks were implemented by the platoons.

The Criminal Investigations Division provides support in numerous lengthy and complicated criminal investigations. They investigate frauds, sudden deaths, and serious criminal offences. The Domestic Violence officer is responsible for conducting follow-up investigations for all domestic related incidents. This officer acts as a resource while also ensuring that those perpetrating domestic violence are held accountable.

In 2015 the service said farewell to our first police Canine Barron. The value of a K9 unit was obvious and a new dog and handler were identified. Cst Jackie Lange teamed up with PSD Jack and successfully completed training with the London Police Service. While apprehending offenders is a key component of their job; this duo also represents the service at a number of community events.

The Street Crime Unit is tasked with conducting investigation related to a variety of criminal activities. Much of their work involves investigating offences involving controlled substances. The SCU was able to conduct several projects intended to arrest drug traffickers and reduce the impact that illegal drugs have on the community.

Cataloging and processing the multitude of evidence and property secured by these units fall on the shoulder of the Identification Officer. Continuity of evidence is critical to ensuring an appropriate outcome in court. The Identification officer must ensure that each item seized by police is properly secured. Often samples of seized narcotics are forwarded to other agencies for forensic analysis. Beyond property and evidence, the Identification officer is responsible for processing crime scenes and fingerprinting charged individuals.
