

City of Stratford Project Engineer

Job Posting: 25-2021

Date Posted: April 14, 2021

Annual Salary: \$81,441 - \$95,273. (2020 rates) Salary under review

Closing: Friday April 30, 2021 at 4:30 pm

Department/Division: Infrastructure and Development Services/Engineering

Duties:

- Reporting to the Manager of Engineering, the Project Engineer utilizes project management skills and technical knowledge and experience in Municipal, Traffic and Civil Engineering to plan and direct a comprehensive program of construction and system renewal for all municipal sanitary, storm, road, bridge, water and other designated municipal infrastructure. Acts as Project Manager for civic infrastructure, corporate development improvement, and maintenance projects.
- Responsible for project management, from planning through to design and construction of City capital and corporate development projects, on time and on schedule.
- Manage Municipal Class Environmental Assessments for transportation, road and municipal infrastructure renewal projects.
- Review and approve Environmental Compliance Approval applications for storm sewers, sanitary sewers and stormwater management infrastructure.
- Professionally supports recommendations of critical evaluations regarding transportation engineering, planning, modelling, demand management, impact analysis, demand forecasting and systems, analytical modelling and research techniques and methodologies.
- Responsible for planning and implementing a wide variety of capital projects throughout the Corporation.
- Liaise and work with staff, senior management, internal stakeholders, external agencies, developers, consultants and the public
- Provides management direction to employees by planning, assigning and supervising work as well as providing guidance and advice.
- Prepare detail costing for engineering, capital and corporate projects to be integrated into departmental budgets and capital forecasting.

- Performs role in accordance with duties of supervisors outlined in Section 27 of the Occupational Health and Safety Act (OHSA).
- Perform other related duties as assigned.

Qualifications:

- Undergraduate University Degree in Civil Engineering.
- P. Eng. Designation
- Minimum 3 years related professional experience.
- Project Management Professional Certification an asset
- Municipal Infrastructure Design and Contract Administration.
- Municipal, Ministry of Transportation, Ministry of Environment and Engineering Association guidelines/regulation.
- Understanding of Asset Management and Public Sector Accounting Board reporting.

To apply for this position:

Submit a resume, clearly outlining your qualifications and experience, quoting the job posting number in the subject line to hr@stratford.ca. Please do not submit duplicates. Attachments should be in PDF format. Applications will be received until Friday April 30, 2021 at 4:30 pm.

Accommodations are available for people with disabilities for all aspects of the recruitment process. Applicants should make their needs known in advance.

While we appreciate all applications received, only those selected for an interview will be contacted.

Personal information collected in response to this advertisement is collected under the authority of the Municipal Act, 2001 to determine eligibility for employment with the City of Stratford. Please direct inquiries to the Human Resources Department at 519-271-0250 x 274.
