

Our Mission

To provide support that enables and empowers families and educators of the community child care programs to be responsive to the diverse needs of all children.

The City of Stratford

Children's Resource Consultant Program

This program works with early learning and child care programs to support the inclusion of all children. If you are concerned with your child's development, contact a Resource Consultant to discuss your concerns. **There is no cost** to families to receive services from a Resource Consultant.

Examples of the services available:

- Making connections with other service providers
- Supporting smooth transitions to school and/or child care programs
- Creating a Family Service Plan with the family if needed
- Offering support, suggestions, and resources to families and child care programs
- Provide training opportunities for parents and educators

Access the program in one of the following ways:

- Contact a resource consultant directly
- Be referred by another agency, family doctor, or health unit
- Have your child care program make a referral

If you have questions about how the Resource Consultants may assist you and your children, please call:

1 (519) 271-3773 ext. 229 or
1 (800) 669-2948 ext. 229
