YEAR 4

A 10-Year Housing and Homelessness Plan

STRATFORD, PERTH COUNTY, AND ST. MARYS • 2014-2024

A Message from the Director of Social Services

I am delighted to share with you the 2017 Annual Progress Report on the *10-Year Housing and Homelessness Plan for Stratford, Perth County, and St. Marys*. Reflecting on the work accomplished in the past year, it is clear the community remains committed to our vision of ensuring that all people have access to safe, suitable and affordable housing.

In the fourth year of this Plan, we continued to implement initiatives under five key priority areas: coordination and collaboration; data gathering and sharing; affordable housing options; eviction and homelessness prevention; and homelessness reduction.

By leveraging federal, provincial and municipal funding, we were able to develop programs and invest in strategies that support people with finding and maintaining permanent housing. This past fall we were successful in securing provincial Home For Good funding for a program designed to provide local households with suitable housing coupled with appropriate supports based on their needs. Funding was also allocated to creating new affordable housing units across the county and repairing existing municipally-owned buildings. In spring of 2017, Stratford City Council approved the development of 55 affordable housing units on Britannia Street, with construction slated to begin in 2018.

In 2017, we built upon existing partnerships and developed new ones to better reflect the broad range of services necessary when working towards safe and suitable housing for vulnerable individuals. Through these strengthened relationships, we enhanced our community's capacity to coordinate services and supports through the use of shared screening, assessment and referral processes. We also undertook a number of data collection initiatives, such as the 20,000 Homes Campaign, that improved our understanding of the scope and nature of homelessness locally, allowing us to tailor programs and services more effectively and according to community needs.

Fundamental to our vision is the understanding that housing is a right. Safe, stable and affordable housing is one of the foundations of a strong and vibrant community. Moving forward we will undergo a 5-Year review of the *10-Year Housing and Homelessness Plan for Stratford, Perth County, and St. Marys*. We will continue to focus on a comprehensive and coordinated approach to preventing homelessness, promoting housing stability and fostering more housing solutions locally. In this way, we can create a community in which all residents have the ability to thrive.

Sincerely,

Carole Desmeules, MSc, MBA
Director of Social Services

Our Local Vision and Strategic Priorities

The vision of the *10-Year Housing and Homelessness Plan for Stratford, Perth County, and St. Marys* is to ensure that:

All people will have access to housing that is safe and suitable for their needs, and will have supports that enable them to remain stable in their homes.

People may become homeless, or face the possibility of losing their homes, but supports will be in place to help them remain in their housing or to locate a permanent alternative as quickly as possible, in the community of their choice.

The plan is intended to guide the community towards its goal of preventing homelessness, promoting housing stability, and fostering more housing solutions within Stratford, Perth County and St. Marys. As such, the plan identifies five strategic priority areas:

1	Coordination and Collaboration
2	Data Gathering and Sharing
3	Affordable Housing Options
4	Eviction and Homelessness Prevention
5	Homelessness Reduction

COORDINATION & COLLABORATION:

To improve coordination and collaboration in the delivery of housing services and supports, through systems orientation.

- ✓ Expanded the membership in the *Stratford, Perth County, and St. Marys Alliance to Prevent Homelessness and Enhance Housing Solutions (Alliance)* to include representation from police services, the hospital and individuals with lived experience of homelessness in order to increase local capacity for multi-sector collaboration.
- ✓ Actively participated in the Huron Perth Situation Table with other human services organizations to ensure vulnerable households in the community received appropriate supports.
- ✓ Conducted a Registry Week as part of the 20,000 Homes Campaign in partnership with the Alliance membership and other organizations within the community. *(See page 19 for a summary of key findings).*
- ✓ Developed a By-Name-List (a real-time list of individuals experiencing homelessness) to improve the community's ability to prioritize provision of housing and related supports by level of need rather than by chronology.
- ✓ Established a NEW Intensive Housing & Community Outreach Coordinator position in the City of Stratford's Social Services Department to support individuals with multiple and complex barriers experiencing homelessness in finding and maintaining housing.

2

DATA GATHERING & SHARING:

To enhance the capacity for gathering data and sharing information between service providers.

Trained all service providers involved in the 20,000 Homes Campaign Registry Week to use the Vulnerability Index – Service Prioritization Decision Assistance Tool (VI-SPDAT); a screening tool that assesses the health and social needs of individuals experiencing homelessness.

Implemented the VI-SPDAT as part of the screening and assessment process for a new Housing First program made possible through provincial Home For Good funding. *(See Spotlight on page 18 for more information).*

Supported the Social Research and Planning Council's development of an online repository of community data, including information on housing and homelessness. *(See Spotlight on the next page for more information.)*

The Social Research and Planning Council (SRPC) of the United Way of Perth-Huron began development of a website, www.MyPerthHuron.ca, designed to house quantitative data related to social conditions and services provided by local agencies in Perth and Huron Counties, with the purpose of supporting community conversations, developing programs and measuring progress against indicators of community well-being. The SRPC engaged in discussions with the City of Stratford's Social Services Department to provide relevant data related to housing, homelessness, income and employment assistance, and children's services.

- ✓ Engaged a consultant to work with the Service Manager and Non-Profit Housing Corporations and Co-Operatives on planning for Operational Reviews and End of Operating Agreements.

On April 24, 2017, City Council approved a proposal for a new 55-unit affordable housing development on Britannia Street, on the former Fairgrounds land, which was divided into two phases:

PHASE 1	PHASE 2
35 units – construction to begin in 2018	20 units – construction to begin in 2020

PROJECT SPOTLIGHT: Britannia Street Affordable Housing Build

The buildings will be 2-storey, designed to give the look of a townhouse but divided with separate apartments on the 1st and 2nd floors. Accessibility and environmental design considerations are being built into the project to reduce demands on heating and cooling systems. The plan includes green space and pedestrian access.

The City has been allocated capital funding for Phase 1 from the Federal and Provincial governments, through the Investment in Affordable Housing Program (IAH) and the Social Infrastructure Fund (SIF).

The new units will provide much needed affordable housing for low and moderate-income households and include a mixture of 1 and 2-bedroom apartments.

The development will be owned by the City of Stratford, and managed by the Housing Division.

ALLIANCE MEMBER SPOTLIGHT:

Town of St. Marys

On January 24, 2017 the Town of St. Marys adopted the “St. Marys Strategic Plan Revision & Update” which set out to help shape the community’s future, provide structure for the Town’s goals, define the purpose of the community at large and balance community needs and objectives with realistic local resources. Housing was one of six pillars identified as key priorities for the Town. Given the acute local labour shortage, the Town recognized the need for affordable and attainable housing options that allow people who are employed locally to live locally. The Plan included promoting mixed-use housing and a flexible housing stock, exploring alternative forms of housing, seeking public-private partnerships, and prioritizing Town-owned assets for lease and sale.

“ St. Marys recognized the need for affordable housing options that allow people who are employed locally to live locally. ”

EVICTION & HOMELESSNESS PREVENTION:

To focus homelessness prevention on the individuals and families who are at greatest risk.

Successfully applied for federal Homelessness Partnering Strategy (HPS) for Rural and Remote Communities funding to create a Housing Help & Voluntary Trusteeship Program.

Supported 109 households in maintaining their housing through the City of Stratford Social Services Outreach Program. Clients included tenants in public housing and private market rentals as well as individuals experiencing homelessness.

Partnered with regional hoarding response services that specialized in combined counselling and supportive clean-up services in order to support individuals at risk of losing their tenancy due to hoarding behaviours.

Provided training sessions in early 2018 on the key pieces of legislation that direct social and public housing in Ontario - the *Residential Tenancies Act, 2006 (RTA)* and the *Housing Services Act, 2011 (HSA)* - in order to enhance the capacity of the local social housing sector to support successful tenancies. Twenty-two participants, including Service Manager staff, social housing providers and their board members, attended each session.

PROJECT SPOTLIGHT:

Salvation Army Housing Help & Voluntary Trusteeship Program

Through a combination of federal Homelessness Partnering Strategy funding and provincial Community Homelessness Prevention Initiative (CHPI) funds, the City of Stratford and Salvation Army Stratford and Area developed a Housing Help & Voluntary Trusteeship Program. The program is designed to offer both drop-in and scheduled support services for individuals experiencing homelessness or at risk of homelessness.

Participants have access to a resource centre equipped with computers, telephones, and internet access. This resource centre will also host group workshops on topics related to tenant rights and responsibilities, financial literacy, and money management.

5

HOMELESSNESS REDUCTION:

To transform the provision of emergency accommodation in Stratford, Perth County and St. Marys to focus on helping individuals and families return to permanent housing.

Conducted a Registry Week, as part of the 20,000 Homes Campaign, from April 10-12, 2017 in order to: 1) understand the nature and scope of homelessness locally; 2) enhance programming that addresses our local need; and 3) connect individuals experiencing homelessness with services and supports. *(See Key Findings on page 19).*

Initiated Supported Housing of Perth Program (SHOPP), a Housing First program to assist up to 52 individuals and families experiencing homelessness. SHOPP is funded through the provincial Home For Good Program.

Initiated planning for the May 2018 Homeless Enumeration based on the same methods and data collection tools used during the 2017 Registry Week. A full report is anticipated for November 2018.

The City of Stratford was one of 21 out of 47 Service Managers in 2017 to receive provincial Home For Good funding to develop a Housing First program. The program is a collaboration between the City's Social Services Department and five community agencies: Optimism Place Women's Shelter and Support Services, Stratford Perth Shelterlink, Community Mental Health Association (CMHA) Huron Perth, Choices for Change Alcohol, Drug & Gambling Counselling Centre, and John Howard Society of London and District. It aims to provide local households (individuals and families) with safe and suitable housing of their choice, in the community of their choice, with the appropriate level of support services based on each household's unique needs.

Acknowledgements

The achievements and outcomes highlighted in this 2017 Annual Report are the result of new and existing community partnerships that were both developed and strengthened over the past year. Without the commitment and passion of local service providers, community members, and the Warden, Mayors and Municipal Councillors, the fourth year of the implementation of the *10-Year Housing and Homelessness Plan for Stratford, Perth County and St. Marys* would not have been such a success.

In particular, the City of Stratford would like to thank the following community partners for their involvement in the *Stratford, Perth County and St. Marys Alliance to Prevent Homelessness and Enhance Housing Solutions*, as Steering Committee and Working Group members.
