TO: All assessed persons within 60 metres of the subject property and all applicable agencies as required under the provisions of the Planning Act.

#### **Subject Property:**

Owner: Peter Kurn & Lesley Kurn

Agent: Shawn Sawatzky

Location: 516 Nelson Street, legally described as Plan 537, Part of Lot 18, Part 2 on

Reference Plan 44R-3416, in the City of Stratford.

Zoning: R2(1) – Residential Second Density

Official Plan Designation: Residential Area

Road Classification: Nelson Street – Local Road

#### **Purpose and Effect of Application**

The purpose of the application is to allow an increase to the maximum permitted encroachment of 2.5 metres for a proposed sunroom into a required rear yard. According to the submitted sketch, the existing single detached dwelling has a rear yard depth of 8.3 metres whereas the minimum rear yard depth requirement is 7.5 metres. The applicant is proposing a sunroom addition with a depth of 3.66 metres whereas the combination of the rear yard depth and the permitted yard encroachment allows a sunroom addition to a maximum depth of 3.3 metres. As such, an increased maximum rear yard encroachment of 2.9 metres for a sunroom is being requested compared to the maximum permitted encroachment of 2.5 metres.

The effect of the application is to add a single-storey unheated sunroom of 13.4 sq.m floor area to an existing two-storey semi detached dwelling unit. Access to the proposed sunroom would be through an existing doorway at the rear portion of the residential dwelling.

#### Variance Requested:

1. Section 4.20.1 c) iii) Projection into Required Yards: To increase the maximum encroachment permitted for a sunroom into a required rear yard from 2.5 metres to 2.9 metres.
