## Background

The Ministry of Education's Ontario Child Care and Funding Guidelines requires that Service System Managers have a local dispute resolution process in place that is publicly posted to allow for child care operators to bring forward issues regarding CWELCC eligibility and funding decisions. Child care operators must follow the Service System Manager's local dispute resolution process before bringing forward issues regarding CWELCC eligibility and funding decisions to the ministry.

## Process

Child care operators or applicants who would like to appeal a CWELCC eligibility or funding decision must submit a Request for Review of Decision Form within ten business days of the original decision.

Once the form has been submitted, the Manager of Children's Services will draft a review summary consisting of background documents, statements related to the appeal, and the policy and Ministry of Education guidelines which was used to make the decision.
