SWIM ADMITTANCE ABILITIES POLICY

Children under the age of 8 can participate in public swims if they meet one of the two following conditions:

1. They are supervised by a responsible person 12 years of age or older. The responsible person must be in the water and remain within arms reach of their child. This responsible person may not supervise more than 2 swimmers at any time.
2. The child can pass the Swimming Competency Test. The competency test is for children under the age of 8 who wish to swim without direct supervision.

Should you be short in having a responsible person to help supervise more than 2 children, consider inviting a friend to help assist, or have your children take turns in and out of the pool.

We support with pride all persons of varying abilities. Should a patron having an exceptional ability wishes to attend a swim and requires a support person (whether the support is required on deck or in the water), we are happy to admit the support person free of charge.

Patron admittance reviews and final decisions are at the sole discretion of the Supervisor on Duty.

PROTECTING ALL (COVID-19)

We take the health and safety of our patrons and staff seriously. In keeping with current government regulations to stop the transmission and spread of germs, everyone attending the Stratford Lions Pool must strictly follow these instructions:

1. Do not attend the facility if you are unwell or sick.
2. Help stop the spread of germs by washing your hands properly and frequently, cough into your sleeve, and sanitize your hands before entering and upon leaving the facility.
3. Maintain physical distancing from any staff or person not within your social bubble.
4. Face coverings must be worn at all times while indoors.
